

SECRETARY MELLON WARNS CONGRESS

SAYS SOLDIER BONUS BILL MAY RESULT IN IMMEDIATE DEFICIT

Letter Was in Response to a Request From Senator Frelinghuysen for a Statement of the Financial Obligation the Bill Would Bring—Underwood Makes Attack on Bill

WASHINGTON, July 6.—With a warning that there is grave danger of an immediate government deficit, Secretary Mellon asked congress today to defer action on the soldiers' bonus bill.

"This is not a time to impose several billion dollars of new liabilities on an already overburdened treasury," the treasury secretary said to Senator Frelinghuysen, Republican, New Jersey, in a letter read in the senate when the bonus bill was called up. The bill has passed the house and the latter was in response to a request from Senator Frelinghuysen for a statement of the financial obligations which the bill would place upon the government.

The letter was characterized by Senator Underwood, Democratic leader, who, after its reading, made an attack on the bill as "strong, forceful and to the point."

DRIVE FOR SWEET BILL LAUNCHED BY AMERICAN LEGION

Condemn Policy of Farming Out Disabled Soldiers

WASHINGTON, July 6.—The American Legion launched today a drive for the passage of the Sweet bill now pending in the senate, thru its committee on hospitalization and vocational training.

The committee appeared before the senate committee investigating governmental activities relating to former service men and urged consolidation of the various government bureaus as proposed in the Sweet bill. Each agency created by congress to assist former service men in functioning in its narrow sphere without coordination or cooperation, General Abel Davis of Chicago, chairman of the committee, asserted.

Rehabilitation and hospitalization methods, especially the "farming out" of disabled men in training were condemned by the witness, who also said there were not sufficient hospital facilities to care properly for the men now requiring treatment.

Closing of contract hospitals and adoption of a general hospitalization program was urged by General Davis who said the bureau heads now have no program, but are more concerned in passing the buck than in a constructive policy.

The government Speedway hospital, near Chicago, "is an abortion," he said.

DOES NOT WANT AMERICAN ARMED FORCES IN MEXICO

La Follette Introduces Resolution of Protest in Senate.

WASHINGTON, July 6.—A resolution protesting against the possible use of American armed forces in the Mexican oil fields and requesting the president, if compatible with the public interest, to transmit immediately to the senate all documents and other information relating to the situation in Mexico, as involving any orders to naval officers, was introduced today by Senator La Follette, Republican, Wisconsin.

The resolution also would declare it the sense of the senate that no troops had been landed on Mexican soil or any other military action taken without express authority of congress.

Senator La Follette requested immediate consideration of the resolution but it went over on motion of Senator Lodge of Massachusetts, the Republican leader.

San Francisco, Cal., July 6.—Flour dropped 40 cents a barrel to \$8.90 on the San Francisco market today. Lower wheat prices were given as the reason.

TWELVE MEN WILL HEAR MURDER CASE OF MRS. EVA KABER

Defense Preemptorily Challenges All Women on Jury

(By The Associated Press)
CLEVELAND, O., July 6.—Twelve men will decide whether Mrs. Eva Catherine Kaber is guilty of first degree murder in connection with the fatal stabbing of her husband, Daniel F. Kaber, in their Lakewood home two years ago by alleged hired assassins.

Every woman tentatively seated on the jury were dismissed preemptorily by Mrs. Kaber's counsel, making good the declaration of Francis W. Poulson, Mrs. Kaber's counsel, that no woman would be permitted to sit in judgment against her if he could help it.

In his opening statement to the jury, Attorney William J. Corrigan, for the defense, asserted that many of the state's contentions were true but that defense testimony would show that Mrs. Kaber had not intended to murder her husband and that her actions were the actions of a mind diseased from childhood and even before birth and worn down by horrible things that will reflect no credit on the dead man.

State Outlines Case
Assistant Prosecutor Cassidy outlining the state's case, asserted that testimony will show that Mrs. Kaber first attempted to kill her husband by poisoning and failing in this hired assassins to kill him. The motive, he asserted, was to obtain possession of Mr. Kaber's estate for herself and daughter, McArdle, who also is indicted for first degree murder for her alleged participation in the plot. Mr. Cassidy asserted Mr. Kaber had gone to two women almost a year before the murder and asked them to do something that would bring about his death, but that both had advised her to obtain legal separation. To this suggestion, Mrs. Kaber allegedly had agreed, before the American Chamber of Commerce today when its president, H. L. Heath, introduced him as the "one man whom the people desire for governor general of the Philippines."

In his speech, advocating government co-operation supported by a big navy to establish foreign commerce, General Wood made no reference to the governor generalship.

A declaration that the Philippines must be held by the United States was endorsed by the chamber as the sense of American residents of the islands.

General Wood emphasized America's need of an intelligent foreign commercial policy. He said the time had come when commerce must have the support of the government.

"America's conquest of the world is going to be commercial, not military," he said. "The government must actively co-operate and we must have a big navy. There is no use of a big navy if we do not have foreign commerce."

How Marion Beardsley was alleged to have played the piano two nights before the murder which drowned the noise of the assassins as they went thru the house also was detailed by Mr. Cassidy.

He asserted that Mrs. Mary Brickel, mother of Mrs. Kaber, who was to have been on the porch the next night as a signal that everything was all right was not on the porch at the appointed time and the assassins left.

Marion McArdle was alleged the next day to have told Cala and Pizzelli that the deed must be done that night before her mother, who had gone, returned. That night Mr. Kaber was stabbed 24 times and died the next day.

STOCK MARKET SHOWS IMPRESSIVE ACTIVITY

First in Nearly Two Months That Many Issues Make Net Gains of From Two to Ten Cents.

(By The Associated Press)
NEW YORK, July 6.—The stock market today displayed impressive activity and strength for the first time in nearly two months.

The rally, maintained to the end, was something of a shock to the shorts, whose hurried covering of contracts added measurably to the reversal. Many issues, especially those recently under greatest pressure made net gains of 2 to 10 points.

The day's news failed to account for the rebound. Indeed, some overnight developments including further price cutting by independent steel manufacturers were of an adverse character.

Steels, equipments, motors, textiles, leather, rubber and miscellaneous issues closed at gains of 2 to 6 1/2 points.

Buying of investment rails, aided the rise in later dealings.

Sales of 935,000 shares were nearly three times larger than those of yesterday, one of the year's duller sessions.

GENERAL WOOD IS GIVEN OVATION IN PHILIPPINES

Declares America's World Conquest Will Be Commercial

(By The Associated Press)
MANILA, July 6.—Major General Leonard Wood received an ovation before the American Chamber of Commerce today when its president, H. L. Heath, introduced him as the "one man whom the people desire for governor general of the Philippines."

In his speech, advocating government co-operation supported by a big navy to establish foreign commerce, General Wood made no reference to the governor generalship.

TELLS REASON WHY LOCOMOTIVES ARE REPAIRED OUTSIDE

Officials of Northwestern Road Before the Commission

(By The Associated Press)
CHICAGO, July 6.—Officials of the Chicago & Northwestern railway appeared before the interstate commerce commission today and told why locomotives had been sent to outside concerns for repairs instead of having this work done in the roads' shops. Shortage of equipment supplies and help were the principal reasons given. To a degree these reasons were refuted by investigators for the commission who testified that the necessity for repair work was not so urgent as was reported.

F. H. Hammel, assistant general manager, R. Quale, superintendent of motive power, R. M. Blackburn, superintendent of stores and F. J. Berck general purchasing agent testified. Their testimony was to the same end—that the road found itself facing the necessity of securing adequate motive equipment and as a result were forced to send repair work to outside shops because of inability to handle the work locally.

Excessive Charges for Work.
It is contended that during the railroad administration and until September, 1920, when the government guaranty period terminated, that the railway company knowingly accepted excessive charges for work done by the American locomotive company. This contention was raised during the railway labor wage hearings and was one of the main points in the union's protest against alleged extravagant operations of the railroads.

Investigators for the commission testified that the average cost of repairing each of 83 locomotives of the type sent to outside shops during the period mentioned was \$7,388 to \$12,921 but that prices averaging twice that of the cost of repairs in the shops in the American Locomotive company.

Repairs on the locomotives cost \$857,282.34 it was shown. The commission's investigators testified that locomotives in good and fair condition were sent out for repairs during this period.

SALARIES OF NORMAL TEACHERS INCREASED

Springfield, Ill., July 6.—A new salary schedule for normal school teachers carrying an increase of 30 per cent was approved by the normal school board at a meeting today with W. H. Miller, director of the state department of registration and education. The increase was authorized by the 52nd general assembly. Upon the recommendation of Director Miller a uniform diploma for all the schools was adopted.

Mr. Miller also called a meeting today of the board of vocational education, of which Francis G. Blair, state superintendent of public instruction is the executive officer. The following staff of the board was re-appointed: Carl Colvin, supervisor of vocational agriculture; J. E. Hill, assistant; Cora I. Davis, supervisor of home economics; Elizabeth N. Boyer, assistant; J. L. Kolb, supervisor of industrial education; J. E. E. Fultz, assistant; Ella N. Tarbet, clerk.

SOUTHERNERS APPROVE PROTECTIVE TARIFF

New Orleans, La., July 6.—Four hundred delegates from five states today placed the Southern Tariff Congress strongly on record for a protective tariff on southern products. Among resolutions adopted was one calling for amendment of the proposed tariff bill "to give consideration to the economic welfare of the south by fixing the same tariff levels upon southern products as are given the products of other sections."

FINAL VOTE ON TARIFF BILL SET FOR JULY 21

Chairman Sterling said he would seek senate consideration probably within two or three days. The committee approved some amendments designed to afford a greater degree of protection to the legitimate users of alcohol.

IRISH QUESTION SOLUBLE BELIEF OF JAN CHRISTIAN

Says What is Needed in Creation of Better Atmosphere

(By The Associated Press)
LONDON, July 6.—General Jan Christian Smuts, premier of the Union of South Africa, who has just returned from Ireland, publicly expressed his opinion tonight that the Irish problem is a soluble problem. This statement was greeted with loud applause by the company which attended a dinner given in his honor by the South Africa Colony.

General Smuts opened his speech by declaring that he had not abandoned hope of America. "She is a coy maiden and must not be wooed too warmly," he said. "I want to see America pull with us in this great world service that today is being given by the British Empire almost alone."

Alluding humorously to his visit to Ireland he declared he found the people divided into two classes—those in the jail and those on the run.

Believes Problem Soluble
The Irish problem, said General Smuts, was one largely engendered "the whole British Empire." It was a point on which he could not speak tonight, except to express the belief that it was soluble, and that if there was a better atmosphere, if we all help to create a better atmosphere and are determined to wipe out what is really a stain on the empire's record, we shall succeed.

"Therefore," he continued, emphatically, "I think, I am hopeful I trust, that the question will be solved and that the British Empire will be freed from the impatience that in this ancient part of the United Kingdom there still exists violation of the fundamental principles upon which the empire rests. I say the problem is soluble because I have seen it solved in my own country under circumstances less embittered than in Ireland but certainly of a very difficult character, too."

U. S. STEEL MAKES ANOTHER CUT IN FINISHED PRODUCT

Meets the Prices Announced by Competitors of Corporation

(By The Associated Press)
NEW YORK, July 6.—The United States Steel corporation today announced another cut, the second since April 12, in selling prices for the finished products, "to correspond with existing prices of competitors."

The new schedule follows:
Bars from \$2.10 to \$1.90; structural shapes from \$2.20 to \$2; plates from \$2.20 to \$2; sheet bars from \$39 to 35; I-beams 4x4 from \$37 to \$33; slabs from \$38 to \$34; blue annealed sheets from \$2.85 to \$2.65; black sheets from \$2.75 to \$2.50; galvanized sheets from 4.75 to \$4.50; tinplate from \$5.25 to \$5.75 and skelp from 2.20 to \$2. Pipe will be reduced relatively.

Chairman Gary also announced that beginning July 1, the corporation will abrogate the so-called "basic" or "overtime" day put into effect during the war as a basic measure. This amounts to a further cutting of mill wages approximately 10 per cent.

MASKED MEN KIDNAP WAITER

Muskogee, Okla., July 6.—Six masked men drove up to a downtown restaurant tonight, entered and seized two waiters, and carried them out to their automobile. One waiter escaped, but the masked men drove away with the other. The purpose of the party was not ascertained at a late hour.

ADMINISTRATION TARIFF MEASURE IS BEFORE HOUSE

Majority and Minority Reports are Presented—Representative Frear, Wisconsin, in Minority Report Attacks Duty on Cement—Democrats Preparing Their Criticisms

WASHINGTON, July 6.—The administration tariff bill was laid before the house of representatives today and the way cleared for its consideration beginning tomorrow.

Accompanying it were two reports by Republicans, one in praise, and the other in denunciation. Chairman Fordney of the ways and means committee in a report which he said he understood all Republicans of the committee except Representative Frear of Wisconsin would sign, described the measure as a Magna Charta for the perpetuation of American standards of living.

Representative Frear in his minority report said the measure was subject to criticism for many unnecessary high duties that will increase the burdens of the consumer. He also characterized some provisions of the bill as an abandonment of party pledges.

Democratic members were preparing their criticisms with a view to presenting their minority report tomorrow when the measure is taken up for reading or for detailed explanation by Chairman Fordney.

Meantime Republicans met in conference tonight to determine, if possible, procedure to be followed in putting the measure thru the house. Decisions which leaders hoped to reach included the length of time for general debate and for the consideration of amendments.

Those in charge of the measure hoped to conclude general debate in two weeks and then to go into detailed consideration of the bill under restricted discussion at which time any amendments would be taken up.

Chairman Fordney's report said that in drafting the bill the Republican members of the ways and means committee were governed by a desire to encourage American industry without saddling any unnecessary burdens on the consumer. The agricultural products schedule was described as an "all-American tariff on a normal basis," and with reference to the wool schedule it was declared that the compensatory duty on manufactures of wool has been kept down to the lowest point consistent with the principles of protection. The report said that the provision in the lumber schedule authorizing the president to prohibit a retaliatory tariff on finished lumber against any country taxing American products would "have a beneficial effect on the export of finished lumber."

Frear's Minority Report
In his minority report, Representative Frear said "it must be remembered that American valuation ad valorem tariff rates contained in this bill are much higher in actual effect than where the same rates are fixed in former tariff bills, due to lower foreign valuations compared with values here."

"Among items subject to attack by critics," he continued, "are duties placed on cement which it is contended will benefit the cement trust now under indictment, rather than consumers; on raw aluminum duties that are alleged to aid the aluminum trust; on asphaltum duties and other items in the same category, all of which are alleged to be under the control and exaction of monopolies and trusts and are well able to walk alone under lower rates are contained in this bill."

The Wisconsin member also criticized duties on steel, hemp yarn, jute for bags for the farmers grain, tungsten, manganese, potash fertilizer and other products and also protested against free hides which he said are "the farmers' finished products."

Under the lumber schedule, he said, "a burden on new small American homes will be imposed if Canada puts in force lumber tariff rates against us."

A recent bid in Bloomington for street paving shows the downward price tendency. The bid was \$14.42 per square yard, which was \$1.42 a yard less than a bid made last February. With such figures being made by contractors it won't be long until public improvement work is again in progress.

The chairman of the railroad brotherhoods are referring the question of an acceptance of a wage cut to the membership. Leaders have much to say about the policy of these organizations, and since they are known to oppose a strike at this time the

chances are against a favorable strike vote.

Certainly with the railroads doing such a light business and public sentiment opposed to high railroad rates and wages, a strike would come as the result of very poor judgment.

Attorneys in several cities have offered to assist the attorney general of the state in the prosecution of suits without remuneration. They will take this action to express their belief that the attorney general should have been allowed more adequate funds for the conduct of his office.

Perhaps the Jacksonville dollar a year plan can be applied still more widely to the attorney general's office. It has worked out very satisfactorily here.

Secretary of the Treasury Mellon doesn't hesitate to express his views even if it comes to opposing measures which are seemingly very popular. The secretary, whom no one can deny is a great financial authority, sent a letter to the senate outlining the reasons why the passage of the McCumber soldiers' bonus bill will prove a heavy financial burden for the government.

The secretary took this action in face of the fact that the passage of the proposed measure by the senate had been predicted with a vote of 46 to 4.

George Woodruff, a representative of the Illinois Association of Commerce, is going to travel in the Orient in order to study trade conditions in behalf of the manufacture of the state.

The recent statement, proved by figures, that the foreign business of the United States only amounts to 7 per cent of the total has made some people believe that it is the business situation here at home that needs study and consideration if affairs are once more to become normal.

It is a fact that local real estate agents are receiving inquiries every day for houses to rent. One well known agent said yesterday that undoubtedly the city is losing new citizens because of their inability to find suitable homes. If someone can devise a plan whereby houses of moderate size can be erected with the certainty of a fair interest return on the investment, he will be doing a great favor to the city of Jacksonville.

ARE DELAYED BY SAND STORMS.

Word has been received here from Mr. and Mrs. Harmel of Peoria, and daughters Anna and Roberta and son Louis who are en route by motor to Deer Trail, Colorado. Sand storms and muddy roads were encountered in Kansas.

Both daughters are well known in Jacksonville, having graduated from Illinois Woman's College.

STATE DRY LAW STRICT IN PROVISIONS

Sangamon County State's Attorney Calls on Property Owners to Assist in Enforcement.

State's Attorney C. F. Mortimer of Sangamon County has issued a statement calling attention to the provisions of the Illinois prohibition act and asking property owners to join with him in an effort to see that the law is observed in Springfield.

Probably Mr. Mortimer's statement is called forth by the discussion of the prohibition enforcement brought to special notice in the controversy between Governor Small and Attorney General Brundage. The latter charged flagrant law violations in Springfield.

The statement of Mr. Mortimer says:

"The Illinois prohibition act," just now in force, is a knockout for bootleggers and a noar piexus for property owners.

It provides among other things:

(1) One unlawful sale constitutes a nuisance.

(2) One act of unlawful manufacture does the same thing.

(3) Penalty for either may be fine of \$500 or one year in jail or both.

(4) If the property owner has knowledge or reason to believe that his premises are so used, his property is subject to a lien for the fine and costs, and, by apt procedure may be sold to collect such fine and costs.

(5) An injunction may be had to enjoin unlawful sale or manufacture.

(6) When a temporary injunction is granted, and not dissolved the premises cannot be used for any purpose, pending the final hearing of the case on its merits.

If a permanent injunction is granted on the final hearing, the premises will be closed for one year, and cannot be used for any purpose whatsoever unless, by permission of the court, and then only when a bond in the sum of not to exceed \$10,000 is given as a guaranty that the premises will be kept clean of booze during that year.

(7) If a bootlegger or white muler violates the temporary injunction by one unlawful sale or act of manufacture he draws a fine of not less than \$500 nor more than ten months or both.

(8) There will be no jury trials in injunction proceedings. The law provides a trial by the court, without a jury.

(9) Now the prohibition: If every property owner in this city and county, having tenants, will constitute himself a committee of one and find out what is going on in his property and keep a weather eye thereon, and then—

If every citizen having evidence of a violation of this law will report the same, then there should be a minimum of bootlegging in this community.

This office welcomes the co-operation of any citizen or group of citizens in making this law mean something in Springfield.

MUNDY REPUDIATED STATEMENT OF GUILT

Scott County Man Says He Was Excited When He Confessed to Killing Beatrice Kincaid.

SPRINGFIELD, Ill., July 6.—Declaring his confession "was all a mistake," and that he will repudiate his statement admitting his guilt when he goes to trial as the slayer of 10-year-old Beatrice Kincaid, Edward Mundy today denied any connection with the death of the child whose body was found in a water trough on her father's farm near Winchester, Ill., Sunday.

As he sat in a cell in the Sangamon county jail here, Mundy said he was excited and did not realize what he was doing when he made the confession yesterday.

Feeling in Winchester against Mundy was more intense than ever when it was learned that the farm hand had been spirited to Springfield for protection.

Mundy, who is 37, said he has known the Kincaid family for years and that he often cared for Beatrice when she was a little babe.

"I did not kill her," he said. "I was with her father when the body was found and I carried her into the house. The last time I saw her alive was about 8:30 Sunday night. She was in the front yard. I went out to look after the hogs. I bathed them and I believe I got blood on my clothes."

"When I carried the girl into the house blood was coming from her mouth. The doctor said she had been assaulted. Perhaps I got blood on my clothes from carrying her."

"I was arrested and when the coroner told me to undress blood stains were found on my shirt. I thought I was in for it and admitted the crime. Many an innocent man has been sent to prison, you know."

"I was treated fine and was not forced to make any statement."

NON PARTISAN FIGHT LEADS TO SUIT FOR LIBEL IN DAKOTA

Chairman of Executive Committee Swears Out the Warrants

(By The Associated Press)

FARGO, N. D., July 6.—Warrants for the arrest of George A. Totten, Jr., and C. K. Gummerson were issued today on a charge of criminal libel following publication of an article in the Courier-News charging members of the state executive committee of the Non-Partisan League with misusing funds for the league's recall campaign. The complaint against the men was filed by A. A. Liederbach, chairman of the committee. Both were arrested and later released on bond pending a hearing July 8. Previous to filing of the charges Gummerson and Totten had been relieved of their positions as editor and business manager respectively of the Courier-News, a daily newspaper controlled by the state executive committee. Totten also is at liberty on bond following his arrest Saturday on a charge of embezzling \$102.70 of the league's campaign fund.

In a statement issued tonight, Liederbach denied the published charges made against the commission of misappropriation of league funds and declared "that every dollar expended by us has been in conformity with instructions of the mass convention that authorized the fund."

TELEPHONE COMPANY PETITION REFUSED

SPRINGFIELD, Ill., July 6.—The Litchfield Telephone company today not only lost in its efforts to obtain advanced rates for service in Litchfield and community, but lost its opportunity to accept an increase which it turned down last January. An order by the Illinois Commerce Commission today vacated the January order of the old Litchfield public utilities commission and continues in effect present rates charged by the company. The company refused the former offer because it did not give an increase near enough to the rates asked.

ILLINOIS U. MAY HOLD SCHOOL IN WOODEN BUILDINGS

Will be Too Bad if Some of the Students Have to do This

(By The Associated Press)

CHICAGO, July 6.—Some classes at the University of Illinois next year will be held in temporary wooden buildings, it was decided at the meeting of the board of trustees today. The meeting was called to consider methods of carrying on work with the funds afforded by the legislature.

Last fall the trustees decided that a minimum of ten and one half million dollars would be necessary to operate the university and provide sufficient class room space. The appropriation bill of the university was reduced by the legislature and today's meeting was held to arrange plans and disbursements.

The wooden structures will probably be completed by the opening of the fall term in September. The board today instructed university officials to proceed immediately with the construction of the addition transportation building.

The board discussed the striking of the library item from the appropriation bill, stating that the failure to make the appropriation was irreparable.

The board accepted the resignation of W. C. Coffern, professor of sheep husbandry and acting head of the department of animal husbandry, who has accepted a position as dean of the college of agriculture at the University of Minnesota. Dr. Harrison A. Ruehe was appointed professor of dairy manufactures and head of the department of dairy husbandry and Dr. Clell Lee Metcalf was appointed professor and head of the department of entomology.

KANSAS MINERS WILL NOT WORK

PITTSBURG, Kan., July 6.—There will be no work in the mines of District 14, United Mine Workers, until the fate of Alexander Howat, president and August Dorchy, vice president of the organization, is determined, it was announced today at mine workers' headquarters.

Howat and Dorchy are to be sentenced Friday by Judge Frank W. Boss in whose court at Columbus, Kan., they were found guilty of a misdemeanor in having called a strike at a mine in violation of the Kansas court of industrial relations law. The mine workers' leaders were tried under the criminal provisions of that law.

A circular was issued this afternoon calling for a demonstration at Columbus Friday. It announced that J. I. Sheppard of Fort Scott, chief of counsel for the defense in the recent trial and Howat will be the principal speakers and that these speakers will have something to say of interest to the people about the big conspiracy against labor.

At mine workers' headquarters today it was said that hundreds of miners intend to go to Columbus Friday. It was explained tonight, that while the announcement of the layoff came from mine workers' headquarters, that action by the miners was voluntary and was not directed by union officials.

SCORES DEPRESSION TALK OF SHOE DEALERS

CHICAGO, July 6.—Shoe dealers who talk of depression were scored by Frank P. Meyer, president of the Illinois Shoe Retailers' association at a meeting today. Predicting that there would be little or no unemployment after Sept. 1, Mr. Meyer said:

"This immediate period is the most prosperous shoe period in history. Five million men are out of employment, yet I venture to say you are enjoying a fairer volume of business than during the proverbial dead summer season." Mr. Meyer urged shoe men to go on record as opposed to the proposed 15 per cent duty on hides contending the packers would get the benefit of it.

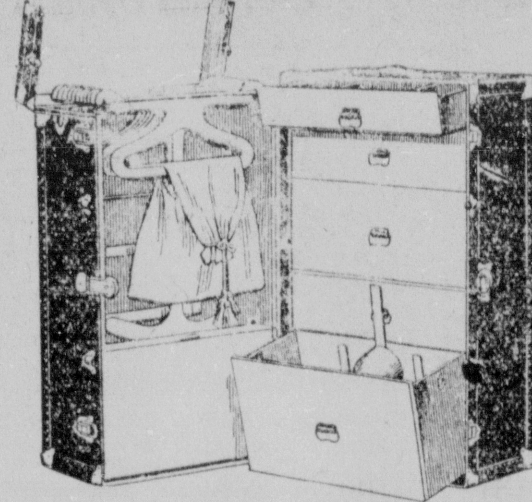

STERLING ANNOUNCES PERSONNEL OF COMMITTEE

Springfield, Ill., July 6.—Lieut. Gov. Sterling today announced the appointment of the senate members of the committee to cooperate with the Chicago sanitary board and Illinois congressmen in presenting to congress Illinois' claim for the necessity of congressional action authorizing diversion of 10,000 cubic feet of water per second from Lake Michigan into the Illinois Waterway when completed. The senate members of the committee of ten are: Frank O. Hanson, Bloomington and Andrew S. Cuthbertson, Bunker Hill, Republicans, and Daniel Herlihy, Chicago, Democrat.

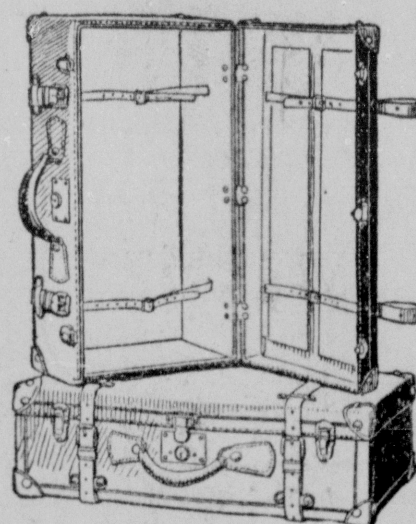

The resolution creating the commission requires that four members shall be selected from the house of representatives, in addition to the three senators, while Gov. Small is authorized to appoint the other three members.

Those desiring to attend the Brooklyn church picnic at Nichols park this afternoon may board the special street car at any point on the route. The car will leave the square at 4 o'clock.

ATTEMPTS MURDER THEN SUICIDES

CHICAGO, July 6.—When his brother with whom he was living accused him of being lazy, Frank D'Angelo, who came to Chicago two months ago from Springfield, Ill., attempted to kill him, and in the fight that followed seriously shot and wounded his sister-in-law and Irwin Huber, another boarder, then committed suicide by stabbing himself.

Peter D'Angelo, the brother, who escaped uninjured, told the police Frank left Springfield two months ago when a strike was called in a mine where he was employed and had since been unable to obtain employment. At the supper table tonight a dispute arose between the brothers which ended in the shooting and stabbing.

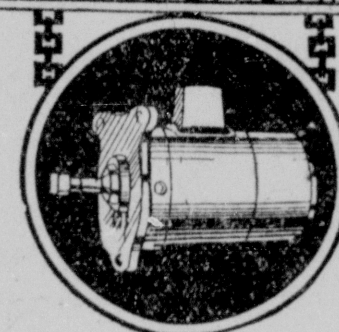

Misses Anna and Grace Harmon have gone to Denver for a few days visit and from there will go to Los Angeles, California and other western points where they will spend the remainder of the summer.

Mrs. Comstock Tells How Cuticura Healed Child's Eczema

"My little daughter had eczema when she was eighteen months old. The eruptions on her face were large and red and festered and scalded over with a black scale. There were small, watery places on her scalp which turned to a soft white scale. She was terribly disfigured and restless at night. I began using Cuticura Soap and it was a great help, but not until I began using Cuticura Ointment, together with the Cuticura Soap, did the eruptions entirely leave. She was healed." SPEAKER DEFENDS SINN FEIN MOVEMENT

Edward Adams Cantrell Makes Address Under Auspices of Local Branch of the Association for Recognition of Irish Freedom.

About two hundred friends of Irish freedom gathered on the east side of Central park Wednesday evening to listen to an address in defense of the Sinn Fein movement. Folding chairs had been provided, and the people were much more comfortable than they would have been at an indoor meeting.

The speaker was Edward Adams Cantrell of Los Angeles, Cal., an authority on Irish questions of the day, and a speaker of force. His topic was "American Ideals and Irish Independence" or "The Truth About Ireland." Mr. Cantrell has visited Ireland and other British colonies, and has made a far-reaching study of political and sociological subjects. He was brought here by the Jacksonville Association for Recognition of the Irish Republic.

After being introduced by John Butler, the speaker explained to the audience that he was not

prejudiced in regard to the Irish question, since he is not an Irishman but an American with many generations of American blood behind him. His ancestors on his father's side were French Huguenots who came to this country 301 years ago. Those on his mother's side were Scotch-English and emigrated to America in pre-Revolutionary days. He also noted the fact that he is not a Catholic but has occupied Protestant pulpits for fourteen years.

Assaults English Tories.

The lecturer spoke bitterly against the English Tories and Imperialists who are seeking to crush the Sinn Fein movement and put down the cause of a weaker people. He showed that Ireland has been struggling for 750 years to gain her independence, and that the de facto government which Irish Republicans and Sinn Feiners have organized is now functioning in at least three counties.

He discredited the statements of those who say that Ireland is not united in wanting freedom. He noted the fact that in the election of Irish representatives to the English parliament, those candidates whose campaign promises were to boycott the English parliament were elected in 28 out of 32 counties, and claimed that 90 per cent of the Irish people were united for independence, whereas only 60 per cent of the Americans favored independence at the time of the revolution of 1776. "If the British office holders and their hangers-on were taken out of Ireland, there would be no such thing as the Ulster question to disturb the Irish people today."

Compares Conditions.

The speaker likened the sending of President DeValera to America to the sending of Benjamin Franklin to Ireland to gain support for American freedom, saying that the one was just as the other.

After saying that if the American people had not had the dust of religious bigotry thrown in their eyes, they would be with Ireland to a man, he gave two reasons why sympathy for Ireland is lacking in America. The first was that we have been led to believe that the issue is simply one of religious antagonism, and the second, that we have been told that during the war, Ireland stabbed the Allies in the back. Both ideas, he said, were false.

The question of Ireland's conduct during the war, he was willing to leave to any company of overseas men, stating that wherever he had taken a vote on the subject, not a single hand had been raised against Ireland.

In regard to the religious issue, he pointed out that Irish freedom had been agitated for 350 years before the rise of Protestantism, and that every Irish revolt had come out of northern Ireland. He also mentioned the fact that the great Irish leader, Robert Emmet, whose picture is in nearly every Irish home, was a Protestant.

"The line of cleavage between England and Ireland has never been determined by faith,"

C. & A. OFFICIALS VISITORS IN CITY

A number of the officials of the Chicago & Alton R. R. were in Jacksonville yesterday. The party included S. G. Lutz, vice president; E. L. Carr, general freight agent; H. T. Douglas, Jr., chief engineer and James Mann, division freight agent.

Several members of the party were in the business district during the day, in company with D. C. Diltz, local C. & A. agent. The officials were in special car No. 503 and left Jacksonville at 2:30 in the afternoon for Chicago.

SWITCH TRACK ORDINANCE UP

Village Board of South Jacksonville Takes Up Ordinance to Permit Building of Switch Track and Hauling Coal Through Village.

At the regular meeting of the village board of South Jacksonville held Wednesday evening an ordinance providing for the building of a switch track in South Jacksonville was presented.

No action was taken at the meeting, some of the members of the board feeling it was a matter to be considered most carefully. Action was deferred on the ordinance until a special meeting which will be called for next Monday evening, July 11.

The question of a switch track is not a new one in South Jacksonville as it has been discussed by citizens and the board for a number of years. However, it has never come so near to solution as apparently it now has.

The desire of the Railway company is to build a switch track near the Vandavia road which will connect the company's lines with the Chicago & Alton railroad. This will enable the company to haul coal to the State Hospital and also to its own plant.

E. H. Gray, general manager of the Jacksonville Railway and Light company, was present at the meeting. It is probable that at the special meeting Tuesday many citizens of the village will attend for the purpose of voicing their opinions in the matter or to hear what others have to offer.

Deaths

De Wolf.

The body of Freeman De Wolf, former Jacksonville resident who died last Monday at Louisville, Kentucky, is expected to arrive here Thursday night.

Mr. De Wolf was a native of Nova Scotia. He was, for a number of years, head bookkeeper at the Jacksonville State Hospital. He was a member of the Centenary M. E. church and had many friends in this city. Decedent was 76 years of age at the time of his death.

Surviving members of the family are the wife and two children. The latter are Freeman De Wolf of Wisconsin and Mrs. Edith Putman of Grand Rapids, Michigan.

The remains will be brought here for interment but funeral arrangements have not been made.

BOY STRUCK BY AUTOMOBILE.

An accident which came near proving serious occurred Wednesday morning on South Main street between College avenue and College street. Andrew Crouse, who was riding north on his bicycle was struck by an automobile driven by Ben Owens. Owens had just turned into Main street from College avenue. The boy was thrown under the car but sustained only minor injuries. There were several bruises and broken skin on one elbow and one knee. The bicycle was demolished.

Mr. Owens, as soon as the bicycle was struck, stopped his car and went to the injured boy's assistance. He took him to Dr. W. P. Duncan who gave the necessary medical attention.

Andrew Crouse is the son of Mr. and Mrs. W. A. Crouse of 124 Richards street.

SCOTT COUNTY HAS FIRST WOMAN JURY

Hears Trial of Neighborhood Quarrel at Bluffs—The Whole Town Turns Out to Hear Cases—Jury Find Man Not Guilty.

Bluffs, July 6. — A jury composed of six women, the first ever empaneled in Scott county, heard a case in Squire Korty's court this morning.

The cases involved are the result of a neighborhood quarrel of long standing between the Bailey family and the Albright family residing in the south part of town.

Practically the entire town turned out to hear the trial which was held in the town hall in order to accommodate the spectators and witnesses of which there was a large array.

William Bailey and his wife and daughter Bevie and Mrs. Chloey Albright are the central figures in this quarrel. Last June the trouble started when Mrs. Albright, who has five children, was playing with them on the front porch.

A ball bounced over into the Bailey garden which brought on the fuss. It led to arrests on both sides until five charges were on the records against each party for using obscene language and practically every other charge usual in family feuds.

The first case was that against Mr. Bailey. The jury composed of six women, after hearing the evidence and the arguments of the attorneys returned a verdict of not guilty.

The members of the jury were: Mrs. Harry Gelsendorfer, foreman, and Mrs. A. E. Laurence, Mrs. Robert Kopp, Mrs. Fred Sawyer, Mrs. Henry Northrup, Mrs. Arthur Boulware.

The second case called was that against Mrs. Albright on practically the same charge. It was the intention to have a jury composed entirely of women for this trial but it was impossible to get one. The jury consisted of five women and one man.

After hearing the evidence the jury returned a verdict of guilty and fixed the fine at \$5 and costs. There are four cases against each defendant to still come up and

the entire village is watching the proceedings with great interest. C. C. Carter is attorney for the Bailey family, while Judge F. C. Funk of Winchester is attorney for Mrs. Albright.

NEWS OF THE SPORT WORLD

CONFERENCE HELD WITH TEX RICKARD

Carpenter and Descamps Talk of Bout With Tommy Gibbons—French Fighter Will Rest for Several Weeks.

NEW YORK, July 6.—George Carpenter and his manager, Francois Descamps, who plan to sail for France on July 24, conferred with Tex Rickard today concerning the Frenchman's campaign in defense of his light heavyweight title. Although a contest with Tom Gibbons, the St.

Paul boxer, to be held early in October, was discussed, no definite action was taken, the promoter said. Carpenter's plans call for a vacation of about a month with his wife and baby at Dieppe, France, after which he will return to this country. Another conference is scheduled for tomorrow and the Frenchmen, with Rickard will then go to Newark to view the motion pictures of the championship bout. Carpenter has lost no popularity in his defeat.

PITTSBURGH WINS 13 INNING GAME

Pittsburgh, July 6.—Pittsburgh won from St. Louis today 3 to 2 in thirteen innings. The Pirates scored in the first and again in the sixth. The visitors tied the score in the ninth. Sherdel relieved Hoak in the eighth, and he gave way to North in the thirteenth, when Pittsburgh won the game on Cuthaw's single, a pass to Barbart and Grimm's double.

SEMI-FINALS IN WOMEN'S SINGLES

Buffalo, N. Y., July 6.—The semi-final round in the women's national clay court championships was reached today with Mrs. Frank Godfrey of New York, Mrs. Marjorie Knox of Buffalo, Miss Leslie Bancroft, of West Newton, Mass., and Mrs. B. C. Cole of Boston as the surviving quartette.

GRIMES HOLDS NEW YORK SAFE THRUOUT

Also Gets Home Run, Double and Two Singles in Five Times Up—Was His Seventh Straight Victory.

New York, July 6.—Brooklyn won an easy victory today over New York 11 to 4 as the Giants were unable to hit Grimes until the ninth inning. Grimes, who won his seventh straight victory, hit a home run, a double and two singles.

JOHNSON WILL NOT FIGHT IN NEW JERSEY

New York, July 6.—Jack Johnson, former heavy-weight champion, who will be released from the Leavenworth penitentiary Saturday will not box in New Jersey while the present state boxing commission is in office.

Chairman Robert H. Doherty said this afternoon when told of reports that attempts would be made to match Johnson with Harry Wills in a Jersey ring next month.

WILSON WANTS SOME OF SPOTLIGHT

Boston, July 6.—A challenge to George Carpenter, world's light-heavyweight champion, in behalf of Johnny Wilson, middle-weight titleholder was announced today by Mary Killilea, manager of the latter.

"Wilson would knockout the Frenchman as quickly as Dempsey did," Killilea's statement said.

BOTH DIVISIONS OF RACE WON BY COX

Pilots Winners in Ohio Stake Which Carries Purse of \$5,000 Each—Some Fast Time Made in the Various Events.

CLEVELAND, July 6.—Walter Cox, New England reinsman, distinguished himself by piloting the winners in both divisions of the Ohio Stake for 2:08 trotters, the feature of today's Grand Circuit harness racing at North Randall. The stake was cut in two because of eighteen entries, nine starting in each division, which carried a purse of \$5,000 each.

A cup went to the driver. It was the first time in the history of this track that such a purse has been divided and the original purse given to the winner of each section.

In the first division Cox was behind Natalie The Great, a filly by Peter The Great owned by the Laurel Hall Farm, Indianapolis. After finishing eighth in the first heat Cox drove the filly to victory in the next two heats. In the first heat he was in the lead when his mount went into a break and he was forced to pull up. Patrick Todd then took the lead and held it throughout, after outwinding the sentences of Little Peter, Molly Knight, Dottie Day, Edith Carter and Mary Coburn in the stretch. They finished in that order noses apart. Todd's backers received \$51 on a \$2 mutual ticket.

Natalie The Great took the lead in the half mile in the second heat and set the pace in the third and was never headed, winning both pulled up.

The second division went to E. Colorado, in straight heats. Cox laid in third position with the bay horse until the three quarters pole in each mile. He passed the field in the stretch in the first heat but was forced to a hard drive.

In the second heat Dorothy Day furnished the closest competition in the race to the wire but the remainder of the field was not far behind and well bunched. The time for this mile 2:04 3-4 was within half a second of the record. Another close finish was produced in the fourth heat, won by Emma Harvester in a hard drive from Eliza Dillon, Wickie, Dorothy Day and Kilo-watts.

Periscope established the season's record time for a mile for trotters in the second heat of the 2:05 trotting sweepstakes when he went the distance 2:03 1-2. Tom Murphy of roughkeepsie drove his second winning race of the season in the 2:18 trot. He piloted Neva Brook to victory in straight heats, the mare winning easily.

Jimmy McKerron, winner of the 2:12 pace was the fifth favorite of the day to win. He took the first and third heats, finishing tenth in the second after breaking coming in the stretch. 2:18 Class Trotting Purse, Summary

DEMPEY SPENDS DAY IN CHICAGO

Is Given Enthusiastic Greeting Wherever He Goes—Thinks He Will Have to Wait for Someone Worthy of Giving Battle.

CHICAGO, July 6.—Jack Dempsey mingled with thousands of Chicagoans today in the city's parks and along the lake front, the heavyweight champion and the thousands having one objective, relief from the 90 degrees heat wave that enveloped the city. The champion was surrounded by admirers from the time he arrived this morning until he retired tonight. Hundreds of persons welcomed him at the railroad station, he held open house at his hotel and when he went out during the afternoon he was quickly recognized by throngs who desired to greet him.

Dempsey told his friends today that two men, one with a towel in his hand, were found in his corner in the third round of the fight Saturday. He said that Mike Trant, Chicago detective, questioned the men and had them taken away by police. Dempsey expressed the opinion that the men intended to throw a towel into the ring from his corner and create a scene of disorder.

Trant said today that the men had told him they were placed there to mop up the ring if it became smeared with blood during the fight and that they were there at Rickard's order.

Regarding his next fight, Dempsey said, "It looks as the I'll have to wait quite a while. I'll have to

wait until some opponent appears who seems to have a chance."

The champion had only praise for the fight put up by Carpenter and especially for the Frenchman's gameness.

Daily Market Report

PRICE OF WHEAT

AVERAGED HIGHER
By Associated Press.
CHICAGO, July 6.—Wheat averaged higher in price today, but only after the September delivery had touched the lowest level yet this season. Strength later was apparently due more or less to disappointing returns from threshing. The market closed unsettled at the same as yesterday's finish to 2 1/2¢ higher with Sept. \$1.16 1/2 to \$1.17 and December \$1.18 1/2 to \$1.19 1/2.
Corn gained 1/2¢ to 1 1/2¢ and oats 1/2¢ to 3/4¢.

In provisions the outcome ranged from 2 1/2¢ decline to 20¢ advance. At first the wheat market had a downward slant owing to further rains in the northwest and to lower temperatures there. In certain quarters it was regarded as doubtful whether South Dakota and parts of Minnesota and North Dakota would be benefited by the moisture. Buying which was based on this doubt was considerably enlarged after word as a result of the winter crop especially Missouri figures which were much more unfavorable than had been looked for. Ohio messages told also of adverse results as to quality. Prospects too that the forthcoming government crop report would show a reduction of the estimate yield as compared with a month ago counted as an addition to bullish factor in the last part of the day.

For weather in Illinois, Iowa, Indiana and Ohio gave effective aid to the bull side in the corn market. Oats followed corn up-grade.

Higher quotations on hogs together with improved call for lard tended to rally the provision market from early declines.

STOCK MARKET

MADE ADVANCE

NEW YORK, July 6.—The stock market today made a sudden and spirited advance after further early unsettlement in which new low records were established by various speculative issues. Specific developments to explain the recovery were lacking but the haste with which shorts covered testified to the precarious position of that faction. Dealings were active and broad, sales of 935,000 shares being nearly three times those of yesterday.

Mexican Petroleum, the spectacular feature of the last two months, again was the pivotal issue. That stock rallied from its early low of \$7 1/2 to 10 1/4, making a net gain of ten points.

The rise of rails was especially impressive, embracing many high grade transcontinentals and grangers notably Canadian Pacific, Great Northern and Northern Pacific at gains from 2 to nearly 5 points.

Call money rates were steady at 5 1/2 per cent on the exchange and was low as 4 1/2 per cent in the open market. Foreign exchanges denoted uncertain conditions.

With few exceptions liberty and victory issues were higher.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, July 6.—The elevator strike situation was reported as at least some per cent better today than yesterday. Some houses reported old employees returning to work. This resulted in a broader demand for cash grain. Red wheat premiums were unchanged and hard 2s to 3c lower. The cash corn and oats basis was 1c better.

Car lot receipts: Wheat 78 cars; Corn, 297 cars; Oats, 107. Local cash sales were 5,000 bushels of wheat sales to Germany; 500,000 bushels of a much larger amount all on ninety days' credit; it was said also that 150,000 bushels of corn had been worked for export.

BACK FROM PUEBLO

I. T. Sheppard has returned from a trip to Colorado and saw Pueblo while gone and gives a fearful picture of affairs and conditions there even yet. A bad odor permeates much of the ruins as there was eleven and a half feet of water in the business district. Notwithstanding all their troubles the business men are brave and hopeful and display signs from the second story windows announcing that they are ready for business as usual.

The mud has been pretty well cleared from the business part of the place and there are a thousand soldiers on hand to see that all goes right. He said one man had forty acres under cultivation and when the flood came all was

swept away. He hopes that he will have seven acres which he can cultivate this summer. The people of the place are generally facing the situation bravely and are going ahead to retrieve their fortunes as far as they can.

In western Colorado crops are rather poor but in the eastern and northern portions the outlook is more encouraging. Western Kansas wheat will hardly yield more than six or eight bushels to the acre but other parts are better.

W. R. CARSON INJURED BY FALL FROM BICYCLE

As W. R. Carson of 807 Ashland avenue was riding a bicycle on East State street about 6:30 o'clock Wednesday evening he was struck by an automobile and knocked from the wheel. Mr. Carson bruised his arm slightly but did not think he was otherwise injured and so told the car driver, who stopped and offered assistance. It was not until several hours after the accident that Mr. Carson found that he had sprained his left ankle badly.

Deaths

Abell

Mr. and Mrs. Jacob Abell received a message yesterday announcing the death of their son, Edward Abell in St. Louis. They had not heard from him for five years and had no idea of his whereabouts.

Decedent was a bricklayer and plasterer and most of his life was spent in this city. Rosa Abella a brother went to St. Louis Wednesday and will bring the remains here for interment.

Plenty of ripe tomatoes today.

WHEAT MOVEMENT TO ELEVATORS BEGINS

Crop Will be Handled Promptly This Year—Price to Farmers Now About Dollar a Bushel.

The movement of wheat into Morgan county elevators has begun in earnest. The Blackburn, Houston Grain Co. yesterday received and shipped a number of cars. The price now paid is about \$1.12 a bushel, which is the terminal market justifies. The grain dealer must have a margin of about 15c to pay transportation and handling costs, together with a reasonable margin of profit.

About three weeks ago for a few days elevators were able to pay approximately \$1.25 per bushel. However, this price was not long maintained and the market dropped quite rapidly. The tendency of farmers this year seems to be to sell their grain at the time of threshing. Many of them inquire the price from the elevator from day to day, but in most cases they state their intention to take whatever price the market affords at the time of delivery.

The indications are that the elevators this year will be able to take care of the grain just as fast as it is received from farmers. This means that the opportunities for the elevator men has for securing cars are much better than they were a year ago. At that time it was a mighty difficult thing to secure a box car suitable for the shipment of grain, but the rapid falling off in freight business in the past few months has changed these conditions. However, many of the cars received are in poor physical condition and the elevator man must do some inside repair work before filling them with grain. This condition because the railroads have been holding down expenses and the rolling stock in most instances is not in good condition.

To Lend — Special; we have for immediate loan \$3,000, \$700 and \$750. The Johnston Agency.

CHAPIN COTERIE MET WITH MRS. OTTO NICHOL

Regular Meeting of Club Held Wednesday Afternoon — Other Interesting News Notes from Chapin.

Chapin, July 6—"The Coterie" was very charmingly entertained by Mrs. Otto Nichol, at the home of her mother, Mrs. George Deitrick, on Wednesday afternoon, July 6th. There were seventeen members and ten guests present. The roll call was beautifully answered by favorite verses of scripture. After a brief business session Mrs. Alice Joy read a paper on "The Neglected Book, the Bible." The splendidly prepared solos by Miss Esther Nichol and Mrs. Newton Wilson was very much enjoyed. During the social hour the hostess served delicious refreshments.

Mrs. Homer MacNamara and little son and Mrs. Fred Cowdin and daughter of Springfield are guests this week at the home of Mr. and Mrs. Charles Cowdin.

BIG CIRCUS DAY SOON WITH JOHN ROBINSON SHOW COMING.

Listen to the gabby chap who sits on top of the hippopotamus cage by the side of the reg-coated driver of an eight-horse team—perfectly matched dapple-grays.

"Grand free exhibition on the show grounds immediately after the parade," he announces in stentorian tones. "A congress of the wonders of five continents and the Seven Seas and the blue skies—the marvel of the occident and the Orient assembled by the John Robinson circus management at a cost that staggers humanity. Carlos, the two-headed man. The Zanzibar Pinheads. The Honduras inseparable twins. And eighty other marvels. Remember, immediately after the parade."

This has happened on other circus days—it will next Tuesday morning, July 12, when the John Robinson circus displays its professional wonders on the streets, of Jacksonville, prior to the two-stage, triple ring performances scheduled for this city. And the gabby chap on the hippopotamus den will be, after all, but an incident in the two-mile pageant, with its mammoth band chariots, its catapots, its ornate dens and cages, its elephants and camels, its horses and ponies, and its richly costumed historic characters.

The John Robinson circus is an exhibition of notable magnitude. It has three rings, two stages, a broad esplanade and a vast dome pulsating with novel and daring circus acts. It has twenty trained elephants, and all kinds of other trained animal displays, and a great company of acrobats and gymnasts and riders and aerialist, and, not least, fifty clowns who are employed for nothing except to make folk laugh, and it has, by the way of preliminary pageantry, a beautiful spectacle. In addition to this there will be a two-mile street pageant, at 10:30, when all the professional resources of the big show will be displayed on the thoroughfares.

FORMER RESIDENT KILLED IN ACCIDENT

James H. Schmidt Meets Death at Terre Haute, Indiana — Was Employed Here by Bell Telephone Company.

J. E. Scott yesterday received word that James H. Schmidt, a former resident here, had been accidentally killed at Terre Haute, Indiana. The message did not contain any particulars.

Decedent came to Jacksonville from St. Louis about three years ago and entered the employ of the Central Union Telephone company as a cable man. He was an expert in his work and remained here until about a year ago when he went to Terre Haute, where he was engaged in similar work. He was a member of Red Cross lodge Knights of Pythias, in St. Louis. After his removal to Jacksonville he transferred his membership to Favorite Lodge of which he was a member at the time of his death.

Mr. Schmidt was about 38 years of age and leaves a widow and two children. It is not known what arrangements have been made for the funeral.

WHAT IS SHANKEN GOING TO DO ABOUT IT?

NON-HIGH SCHOOL BOARD ORGANIZED

Allotment of Funds Made to Various Schools — Jacksonville Gets \$10,348.

Recently a meeting of the non-high school district board was held in the office of H. H. Vasconcellos, county superintendent of schools. It was the regular meeting for organization and for the assignment of funds to the different high schools. Dr. R. R. Jones of Woodson was elected president and H. H. Vasconcellos by virtue of his office is secretary. The other members are W. R. Zahn of Concord of W. W. Henderson of Route 4.

The allotment of funds made was as follows: Arenzville, \$429.57; Murrayville, \$645.36; Waverly, \$555; Macomb, \$50; Jacksonville, \$10,348.73.

The laws of Illinois provide that every child shall have the opportunity of a high school education. Therefore all parts of the county where such high schools are not provided automatically become parts of non-high school districts. A tax is assessed against the property in this district in order to raise the amount that may be necessary to pay the tuition of pupils in the district in high schools maintained elsewhere. The result has been to quite largely increase high school attendance. It will be noted from the figures above that Jacksonville now receives a very considerable amount of tuition from non-residence pupils.

C. OF C. QUARTERS NEARING COMPLETION

Will Be Equal to Any in the State — New Furniture Has Been Purchased for the Rooms.

Decorators, carpenters and electricians who are working on the new headquarters for the Jacksonville Chamber of Commerce expect to have the place finished within a few days. H. F. Henley of the American City Bureau has been buying new furniture which will be placed in the organization rooms in the Myers' building about the middle of next week.

Mr. Henley says that the Chamber of Commerce headquarters will be as modern as any in the state. At the top of the stairs is a reception room which is to be furnished in wicker, with a large library table in the center. Other rooms are the secretary's office, the stenographer's office and the auditorium. The walls of all the rooms are being repapered, and the floors revarnished.

The auditorium will be available for use for other organizations as well as by the Chamber of Commerce.
